

PEACE MARCH

D A D
I marched for peace, on the bridge to Detroit.
G D
Ten thousand strong we thought we had a voice.
G A
We shouted at the riot squad:
D Bm
 Don't blow that bomb away.
Em A D D7
But Nixon said, blow it up anyway.
G A
We shouted: Don't blow that bomb away, oh no
D Bm
Don't blow that bomb away,
Em A D
But it's history, they blew it up anyway.

I marched for peace, on the streets of Victoria.
The politicians got votes for election day.
The people carried signs, give peace a fighting chance.
but I really feel, 'twas a wasted day.
They shouted: Give peace a chance,
you can't hug a child with nuclear arms.
But what's the use, they build them anyway.

I found peace, but not as you might expect.
Real peace begins, from deep within yourself.
The Prince of Peace came to me, and told me that He died for me.
This peace He gave, is enough for me.
I'm saying: Give Jesus peace a chance,
What have you got to loose but your life.
