

SAILING IN THE WIND

D G D
When I set sail, and head out to the sea.

 G A
The creation of God I can feel

D G D Bm
Then I am truly at peace with myself.

G A D
The answer is sailing in the wind.

The sound of the wind and the waves of the sea
How can I try to explain.

The answer my friend, is sailing in the wind,
the answer is sailing in the wind.

The whales and the dolphins swim by the side,
the albatross glides gently by.

My ship proudly sails on the swells of the sea,
the answer is sailing in the wind.

Jesus once walked on the raging sea,
so why should I have any fears.
He will guide me safe to the other shore
The answer is sailing in His wind

The answer my friend, is sailing in the wind,
the answer is sailing in the wind.
